**Thomas Reiter launch to the ISS**

*2 July 2006*

Space Shuttle Discovery at the Pad

Today's launch of the 'Astrolab' mission, in which ESA astronaut Thomas Reiter, from Germany, will begin Europe's first long-duration mission onboard the International Space Station (ISS), was postponed again due to bad weather conditions. US Space Shuttle Discovery is now scheduled for liftoff from the Kennedy Space Center, in Cape Canaveral, Florida, Tuesday, 4 July, at 20:38 CEST.

**Webstreaming via NASA TV**

NASA TV will provide webstreaming coverage of the launch.
