**DLR Webcast: Space robot Justin meets reporter**

*11 June 2010*

DLR reporter Daniel Finger has a new dream job – operator of the space robot Justin. At the International Aerospace Exhibition (ILA) 2010 in Berlin, the reporter learned that the service robot can be controlled intuitively. The repair of satellites, the actual task that Justin will one day take over, is more complicated. That, Daniel Finger will leave to the scientists.
