### **DLR Annual General Meeting & Science show 2010**

25 November 2010

Article updated 26/11/2010.

#### **25 November 2010, 19:30 to 21:00 CET – live**

The Annual General Meeting of the German Aerospace Center (DLR) took place on Thursday, 25 November 2010 in Braunschweig. The evening event was broadcasted live on this page. A recording is now available.

The infotainment-style programme is a showcase as well as a review; it covers the research and development work carried out by DLR in 2010. The focus this year is on the DLR facility in Braunschweig and the subjects are the study of the volcanic ash cloud, the Earth observation mission TanDEM-X, alternative fuels, low noise aircraft approaches, the train collision avoidance system RCAS, the Berlin Air Show – ILA 2010, DLR\_School\_Labs and much more. Claus Kruesken and Uli Bobinger present the show in German.
